

エクセルで、フローチャートを作成する Office365 の画面のため、じゃっかん異なる場合があります

←このようなものを作りたいので
 ↓同じ要領で図形を複製し、文字を入れました。
 ↓ここに「やじるし」を入れていきたいと思います

好みでやじるしの色や太さ、破線（点線）を設定します

やじるしが引けました。これを先ほどと同じように「Ctrl キーを押しながらドラッグで複製」しても良いですし、同じ線を何度もひかないといけないなら・・・

次は吹き出しを入れてみます

上にも少しスペースがほしいので行の挿入をします
行番号を選択し、右クリック

1

2

行が増えました
足りない人は同じ要領で
好みで増やします

図形の設定を好みで変更し
文字を入れたら右クリック

今回、見本でちゃんと写真が撮れていなかったので作っていませんが

この部分を作る場合テキストボックスで

文字の書体、色や大きさ、配置はここから

(図形の塗りつぶしはここからでもできます)

印刷の時

The screenshot shows the print settings dialog in Microsoft Excel. The printer selected is 'Canon LBP3000 オフライン'. The page orientation is set to '横方向' (Landscape) and the paper size is 'A4'. The page range is set to '1,2,3'. Annotations include: '戻る時はココ' (Return here when done), 'プリンターは自分が使うものに' (Choose a printer you use), 'あ！テキストボックスの枠線を消さないで！' (Ah! Don't delete the border of the text box!), and '好みで設定' (Set as preferred).

最初の1つめで枠線をなしにしておけば良かったという教訓(^^;)

エラーの場合は戻ってくる

好みで設定
